

A new home by cormac cullinan

Chapter 1

There once was a guy named Guy. He lived in a small house that didn't give him much shelter at all. He didn't have much but he did have god. His only food source was a half eaten apple and a half pack of oreos. One morning when the sun rose he saw far into the city. And saw a new store has just opened: Target! Hip hip hooray! Bruh. the announcer said. He got a piece of his roof and slid down the house like a sled. Soon he landed next to the shop seeing people that

he had never seen before. A ginormous pile of bricks stands high before him. As he walked in he saw cashiers. He scanned easels in the beautiful bright place with carpet and shelves full of preposterous things. A lady bumped into him. "Hey, watch where you're going weirdo!" It was clear the guy was not welcome here but he liked the place much better than his home. But not only did this place have clerks, food, but it had Oreos which were my favorite food, so then I decided to live here. Brazil thought about this for a second and then finally he said that he would like to live with me. Brazil did have parents but he figured it would basically just be like having a 7 night sleepover with your friend. Soon it was nighttime and everybody in the store was leaving even Lobby the clerk. Brazil could tell that Guy was a little freaked out So, Brazil said that this what stores always do when its night and that made Brazil feel a little bit better. Then Brazil realized that maybe we should go outside tomorrow and get some fresh air and Brazil agreed with that. They both woke up in the morning at 5:00 because Brazil said that if we leave early nobody will be at Target yet and Brazil's parents wont come looking for

him. But Brazil did want to let his parents know so he sent a letter off to them to a mail man that came by. They got 2 boxes of chicken wings and 2 waters. Then they were off.

CHAPTER 2

But when they got outside it was surprisingly snowing. They just found a forest and took a hike. Guy was freezing and didn't plan for this weather and he asked if we could turn around and do this another day. But Brazil said we were already committed and we just needed to keep going. Guy realized that Brazil had a whole backpack of stuff. It was already getting dark so Brazil pulled out a flint from his back. We set up a fire. Brazil soon realized we were actually lost in the woods. The snow burned out our fire pretty quick. Brazil said we should just go to bed. Brazil brought a sleeping bag and everything which would explain why his backpack was so big. I just slept on the floor on the snow and somehow I managed to get an hour or 2 of sleep. When I woke up the snow

was all melted. THEN I REALIZED THAT BRAZIL WAS GONE !!!! I just panicked. I saw Brazil's stuff laying on the floor. But there was nothing inside his backpack. But what I did find was a note. The note said kidnappers have me. I figured he just scribbled that note at the last second. I guess the kidnappers didn't get me because they thought I was dead when I was sleeping. I guess Brazil was awake all night . And I guess the kidnappers took his stuff in his backpack with him too. I was starving. Then I decided that the only way to stay alive was to go to candy land cause at least there they have food plus they have my favorite food there OREOS! So I just walked down this random trail. It's not like I had a map or anything. Just then I saw this huge house right in the middle of the forest. I figured them out for directions to candy land and get some food. Then Brail remembered that he brought some chicken wings and soda but now it was too late to go back and get it. So Guy walked up to the house but it turns out it was an abandoned house but the person who abandoned their house left their dog. So Guy decided to keep the dog. But first Guy wanted to check out the house to see if

there was any food in the house. Sure enough there were piles of food in the house. Guy had the dog sniff out where our camping place was and bring back the chicken wings and soda and Brazil's backpack to put all the food in. Once the dog brought back the backpack Guy put all the food in including the chicken wings and soda. Then Guy had the dog sniff out where Brazil was and the kidnappers.

CHAPTER

3

Guy knew that if he was going to keep this dog he needed a name for the dog. The dog had spots so Guy decided to call him Spotzer. When Guy finds Brazil then all together they will go to candy land. Guy and Spotzer came to a split. They decided to go right because right is always

the right way. But the right trail led to a huge city. They called a taxi. The guy who was driving the taxi was named Rend.

Rend said he had a very strict policy which is that Rend doesn't allow dogs in his taxi. So Guy just snuck Spotzer in the trunk of the taxi. The taxi drove Spotzer and Guy down to a huge building that looked like it was where they were keeping Brazil. The taxi dropped them off on the lot. They went inside the building but nobody was there. They went to all the floors but didn't see them. Once they were at the highest floor they looked down from a window. And saw a police car driving they found a pair of binoculars for a person that was going bird watching. Guy looked through the binoculars and saw that Brazil was in the old car and Brazil was in handcuffs. Guy was really confused so he went to the elevator with Spotzer. Once they got to the lobby they saw the police car zoom past them. Guy got on Spotzer's back and told Spotzer to chase the police car in dog language. Guy learned dog language from a free school that he went to that teaches dog language. Spotzer turned into super speed and chased the police car. But Spotzer couldn't keep up with the

police car. So Guy reached into Brazil's backpack and pulled out a banana peel from a banana Guy ate. Guy aimed and threw the banana peel at the bottom of the wheel of the police car. The police car swerved and came to a stop. Then I saw the kidnappers hiding in the bushes. The police asked who threw the banana peel. And I blamed it all on the kidnappers. The policeman took the kidnappers away. But before they left Guy asked the policeman why they were taking Brazil away too because that is the reason why Guy threw that banana to ask them that question. The policeman said it was for stealing their police gun. Brazil told the police man that it was actually the kidnappers who stole the police's gun and that the kidnappers just blamed it on Brazil.

The policeman asked the kidnappers if that was true. The kidnappers realized that if they didn't tell the truth and the police found a video camera then the kidnappers would be getting taken away for longer. So the kidnappers had to confess that they were the ones who stole the gun from the policeman. The kidnappers regretted stealing the gun from the police man and blaming it on Brazil because if the

kidnappers didn't do that then they wouldn't have gotten taken away and they could have kept Brazil. The policeman let Brazil go and the police man drove away in his police car with the kidnappers. Brazil was really happy to see Guy. Guy gave Brazil back his backpack. Brazil looked through his backpack and was surprised to see so much food. Brazil had a lot of questions to ask like what a dog is doing here and stuff. Just then it started snowing and you could already see the moon. So they all found a good place to sleep and made a little tent out of sticks. Guy really just wanted to drift off but Brazil kept Guy up for most of the night with all the questions he had. And somehow the dog just managed to sleep with all the talking.

CHAPTER

4

Guy was the first person up which was mostly because he had a nightmare that the kidnappers snatched him up in his sleep. Guy decided that now that he found Brazil he could take them all to candy land. I went into the tent that we made out of sticks. Brazil was snoring away which was another reason I couldn't get much sleep last night. I shook Brazil awake. Brazil opened his eyes slowly but then fell back asleep. I started getting frustrated then I remembered that I accidentally left that soda out all night. I looked all around for the soda and I eventually found it. The soda was freezing and I knew it would do the trick. So I carefully leaned the bottle of soda over Brazil's head then I carefully spilled it all at once on his head. Brazil woke up. Then we just

shook Spotzer awake. I told them all that I was going to take them to a place called candy land. They all seemed confused into why I was taking them to such a random place at a really awkward time. I told them that candy land was where I ate oreos for the first time and I wanted to show them what candy land was like. Plus they just came out with a new kind of oreo called the double oreo and he couldn't wait to eat it at candy land. And if any new food comes out it always appears first in candy land. Brazil heard how cool this candy land place was and he wanted to come now. And Guy also told Spotzer in dog language and now both of them wanted to go to candy land. Brazil got his backpack and Guy put his smile on and Spotzer stretched his legs to be ready to carry Brazil and Guy since he is a big dog. Brazil started looking at the abandoned house. Brazil said to Guy, maybe you and I could fix up that house someday and live in it. Maybe Guy said back. They got on Spotzer right after Spotzer finished stretching. Well said Guy putting that smile on his face lets go!!! And they were off.

CHAPTER

5

Spotzer ran 2 inches until he had to stop to poop. They didn't bother cleaning up the poop. Guy wiped Spotzer's butt with some leaves he found on the floor. After that was taken care of they were back on trail. They had to get out of the forest to get to candy land. To get out of the forest they had to get over this big hill. Brazil said it would be easy to get over the hill. But for some reason it was hard. The hill was super slippery. Brazil said maybe there was too much wait on the dog and we should get off him but that didn't work. Guy and Brazil dug around in the snow and found out that there was ice under the snow. That didn't make a whole lot of sense. Then the kidnappers were peeking through the bushes watching them try to get up

the hill. Our plan worked, said lumber. Yeah, Jack. Now that we broke out of prison we can get them said lumber yeah said jack. Brazil said Guy was never going to make it up this hill. Unless we dig said Brazil. Lumber and Jack did not hear what Brazil said. Lumber said Jack we will never make it up that hill either. Unless we dig said Lumber. Guy started digging. But then Lumber, Jack, Spotzer, Guy, and Brazil all saw a huge snow storm coming their way. They all ran. Lumber and Jack ran right and Brazil, Spotzer and Guy ran left. But you know what they always say is the right way. Lumber and Jack were on their way towards a trail that leads to Candy land and Guy, Brazil and Spotzer were running right towards the storm. Lumber and Jack ran and ran until Lumber yelled stop!!! There's a sign! Jack read it "candy land". Sounds like a good place to me, said Jack. Let's go! Lumber and Jack went to the trail as Jack sang his happy song : I'm a lumber - Jack and I'm o-k if you give me pancakes every single day!

CHAPTER

6

Look, Jack said, this trail leads out of the forest!

O yay said Lumber. Lumber and Jack followed the trail and when they were out of the forest they saw a bunch of stores. Hey, maybe one of those stores is candy land. No, said Lumber, that's obviously not candy land, Candy Land is the size of Disney world. Wow, Jack said. As Lumber kept walking Jack was paranoid that that store was actually Candy Land. I'm going to go in this store to see if it is Candy Land said Jack. Trust me it's not Candy Land.

said Lumber. Jack went into the store anyway and Lumber thought Jack was close behind him. Wow said Lumber this is probably Candy Land, right Jack? Jack? Hey where's Jack? Well whatever ,Jack is just going to find out that that

Guy. Well we mine as well get going said Guy as Brazil stuffs the note into his pocket. Wait, Brazil I should write my parents back, Brazil said. Brazil wrote: " I am heading to CandyLand to find you guys from Brazil. Then Brazil waves to the mailman. Hi mailman, can you take this note to my parents? Sure says the mailman and he takes the note and drives away. Then they all hop back on to Spotzer. Alright says Guy lets go and they were off.

CHAPTER

7

Spotzer ran 2 inches until he had to stop to poop. They didn't bother cleaning up the poop. After Spotzer was done they got back on him. Let's go. And they were off.

CHAPTER

8

While they were riding on Spotzer to CandyLand Spotzer tripped over something. Oh no, said Guy Spotzer tripped over a rock. Spotzer didn't seem good. Brazil took a look at Spotzer's leg because his dad was a doctor. I think it's broken. Oh no, said Guy again. Maybe we should come up with a different name for Spotzer, said Brazil as Tripzer laughed. No time for that now, said Brazil. Guy tried cheering Spotzer up with a joke, "what goes ha ha ha plonk? Said Guy. A skeleton laughing his head off says Guy. Get it Guy says, guess not, Spotzer doesn't even leave out a chuckle. What are we going to do now? let's just walk. Brazil trained Spotzer to keep his leg up and not let it touch anything. Do you even know where you're

going of course I do. Well just follow this road that I drive on every day to get there. Okee dokee said Brazil. They walk near the road for a long time then go up a steep hill. Spotzer tries not to fall. Then they enter a forest. The forest is creepy and quiet and dark. They go deep into the forest. Soon they couldn't see the road anymore and as they went deeper they couldn't see or hear the cars so that meant they went too deep. Uh oh says Guy. I told you you didn't know where you were going, says Guy to Brazil. Well I knew where we were going up until this point. They argued back and forth. Spotzer just waited like he was waiting for them to keep going to Candyland. But science Spotzer had already been hurt on the foot and riding Guy and Brazil around and being away from his real owner for so long and being in a creepy quiet and dark forest Spotzer howled because of all those things he howled. After Spotzer was done howling they heard a creepy witch sound. "Mwahahaha. What is that? Said Guy. I don't know but I don't want to stick around and find out. We prayed as hard as we could to God. Then they all ran. They ran into a cave to hide. But before they could go any farther into the

cave they realized a huge and deep hole. Then they heard some voices coming from the hole. Hey said Brazil that sounds like the voice of the kidnappers. O yay said Guy. Let's get out of here! Said Guy. They ran as fast as they could and did not see the witch anywhere. They got out of the forest. They all took a deep breath. At this rate we will never make it to candy land. Said Brazil. Don't give up so easily! Said Guy. But everybody just looked too tired. Why not fly there? Ok, said Brazil.

CHAPTER

9

To the Air Port said Guy. Let's do it, said Brazil. Wait but we don't have a map or

anything said Brazil. O yay, thanks professor obvious said Guy. Where is CandyLand in anyways. It's in Brazil. Guy said, "Hey, that's my name, Brazil," I know, said Guy. Well what are we waiting for said Guy lets do this. Hey where the heck is the airport, said Brazil. Well I'm walking to my old friend's house. His name is poo poo panda. Nice name, Brazil. They walked to a strange house. They knocked on the door. Poo Poo Panda's baby sitter was there. Guy said to the babysitter. Do you happen to know where the closest Airport is? Yeah, said the babysitter, it's two miles down the road straight ahead of you. Thanks said Guy and before the babysitter closed the door Guy said: and tell Poo Poo Panda I said hi. But you didn't say hi said the babysitter. Just tell him that, said Guy. I will not tell lies, said the babysitter . Number mind said Guy and the babysitter shut the door. Well Guy said the babysitter said 2 miles down the trail ahead of us. Ok then let's go. Meanwhile, well said Jack this is awesome. Hm m m m m m m what food is this?

said Brazil. There's a sign on the packaging that says please microwave. Well I don't have a microwave but I do have a match. I will just light this food on fire to make the food hot like microwaves make food hot. He took the match out of his pocket and lit the match. The food caught on fire while Jack held the food in his hand. Then Jack got burnt a little. Owwwwwww! Said Jack and he dropped the food on the floor. The floor caught on fire and in 3 minutes the whole place caught on fire. Nooooooooooooo! Jack Candy Land is burning down. Lumber is going to be so sad. The store owner Benny screamed WHO BURNT DOWN THIS CANDY STORE!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! Benny's face was redder than an apple. Then he looked straight at Jack and started walking towards him. Oh no Jack said I'm dead. Jack knew the only thing to do was run so he started to run out the front door like everybody else was. But Benny took his phone and ran outside. Jack already made it outside. But before Jack

could go any further Benny blocked his path. He called the fire truck and the police. 2 minutes later the fire truck and the police came. Luckily nobody was hurt and the fire truck sprayed down the store with the hose. The police asked Benny some questions. Do you have any proof that Jack was the one who burned down the house? Yes, said Benny Jack had a match in his hand. And that was all the proof the police needed. But Jack thought in his head this isn't over yet. The police didn't expect Jack to be running away so the police slowly walked up to Jack. But before the police walked up to Jack he ran. Jack ran into a forest. But the police didn't see him run in the forest because he was busy talking on the walkie talkie. The police called a bunch of other police to look for Jack. While Jack was in the forest he worked on his plan. First Jack will wait till night. Then Jack will secretly go into the cave and steal the jail cell key from the witch while she is sleeping. After that Jack will use the key to unlock the jail cell for Lumber before the

witch uses her potion to turn Lumber into a witch. Then finally Lumber and Jack will sneak out of the cave. Jack waited and waited and waited until finally at 2:30 AM he snuck into the cave. The cave was creepy because it was very dark. Then Jack found the creepy old witch sleeping. Jack was about to pass out; he was so scared. Then Jack got the key leaning against the wall next to the witch. and unlocked the jail cell. Jack shook Lumber awake. Lumber got up and together they walked out of the hole and out of the cave without making a peep. I accidentally burned CandyLand so now the cops are probably looking so we need to stay under the radar. Got it, said Lumber. But wait, you actually burnt down candyLand? Yup said Jack. Well who cares the important thing is that we get Guy and his friends. Look said Jack that sign says CandyLand is that way on the trail lets go. No, said Lumber, I told you I don't care about Cady Land any more. Besides, didn't you already burn it down? yeah said Jack but maybe they just

finished building a new CandyLand. Wait, didn't you go in that candy store and think it was Candy Land. Said Lumber. It was Candy Land. Said Jack. Well whatever the important thing is that we find Guy and his friends and stay under the radar like you said, said Lumber. Meanwhile in the morning at the cave alright said the witch time to give you the potion so I can turn you into me. Hey where is that kidnapper. He must have escaped! I will find him! Meanwhile... Right when Lumber and Jack were arguing they saw some people walking on the trail that led to the Airport that went to CandyLand. It was Guy and his dog and friend Spotzer. Wait, it looks like they're going to CandyLand. Lumber said as he whispered to Jack while they hid in some bushes. If they're going to CandyLand why not we wait for them to get there and then we can go to CandyLand and kidnap them there. Ok, Jack said. Guy, Brazil, and Spotzer walked past Lumber and Jack as they hid in the bushes. Ok let's do this, said Jack. They waited for

Guy his dog and Brazil to walk all the way past them and then they removed themselves from the bushes.

CHAPTER 10

This is perfect, said Lumber. I know a great plan that we could do to get to Candy Land first. Ok, said Lumber. Meanwhile... I can't wait to get to CandyLand Wait till we get to CandyLand said Guy. And I can't wait to eat that double oreo. Now we're in the city again. Hey, that taxi can take us to the airport. They got in the taxi. It was the same driver from last time. Guy remembered that this taxi Guy didn't allow dogs in the taxi. So

they stuffed Spotzer in the back trunk. Guy asked the driver why he doesn't allow dogs in the taxi and he said it was because he was allergic to any type of dog. Then they drove off. But when Guy put Spotzer in the trunk he forgot to close the trunk. The taxi driver soon realized that the trunk was open and he pulled over. Hey I did not leave the trunk open. He got out of the car and made his way to the trunk to close it. Then Guy realized that he will have to pay the taxi driver money for breaking his rule. So a second before the taxi driver got up to the trunk Guy threw a dog treat that he got from Brazil's bag out the window of the taxi. Then the taxi driver says there's a dog back here! Spotzer runs to get the dog treat. Then Guy and Brazil quickly run up to the front seat of the taxi, roll down the window and jump out the window onto Spotzer as he runs past them. Hey you get back here, says the taxi driver. But Spotzer just keeps on running. Phew says Guy I think we lost him. I'm going to get you 'll see, says the taxi driver. You're

gonna pay for all this!!!! 😡. Oh no, Guy said that the taxi driver is going to get us. I can hear him all the way from here. O yay I can hear him too. We better get moving then. It looks like Spitzer's foot is all healed. Now we don't know where the airport to take us to CandyLand is. Yay but we can just follow this road that the taxi driver was going to drive us on. Ok, let's do it. While the taxi driver was making plans to get Guy , Brazil and Spotzer Jack tapped the taxi driver on the shoulder. Hi,says Jack, can you take us to the airport that takes people to **CandyLand** airport. Wow, says the taxi river. The CandyLand airport is a popular place. Wait, who else went to the Airport after us? Says Lumber. These 2 people who have a dog. And they broke my rule which is no dogs allowed. And then they ran away. Hey those people sound a lot like Brazil and his friends says Lumber. Well science they ran away they probably are lost and don't know where the airport is. Well then I still want to go there so I can eat a lot of candy. So they get in the taxi

and drive off. But then Lumber realizes that Guy goes to CandyLand alot and that he probably goes to the exact airport to get there. But we're still going to get there first anyways Lumber says as he tells it to Jack.

CHAPTER

11

Guy , Brazil , and Spotzer walked down the road for a while. Then after like 2 hours they saw a sign that said “local airport.”Yes we are now at the airport. Let's go, said Guy. They got inside the airport. They did all the stuff where the

police checked to make sure you didn't have any medal. Alright guys, let's go to the plane. Guy says. They started walking through the door to get on to the plane. But before Guy got through the door Guy recognized somebody and another guy. Hmmm said Guy I don't know if anybody I know is going to CandyLand at this moment. Then they went into the plane. Then Guy saw these 2 guys. Guy thought he recognized them but he couldn't tell for sure who it was. Then the two guys Guy had recognized all along sat right across from Guy and his friends. Then those 2 guys took off their costumes and Guy couldn't believe who it was. It was the kidnappers, Lumber and Jack. Guy was so surprised. He leaned over to Brazil. Guy whispered : the kidnappers are here. Brazil looked past Guy and saw

the kidnappers. Lumber whispered to Jack, our disguise plan worked said Lumber the witch and the policeman didn't even notice us, said Lumber if the witch even tracked us down. Said Lumber. What were you talking about to the pilote? Jack asks Lumber. Oh I was just asking if you're allowed to use the bathroom during the plane ride. Oh, Jack says. Lumber just looks out the plane window and Jack fell asleep. And the whole time that was happening Guy and his friends were making plans on how there going to defeat the kidnappers once and for all. Guy and his friends slowly drift off but then before they started the plane the pilot saw Spotzer laying down sleeping. Hey, sir the pilot yells at Guy you're not allowed to have any dogs in this plane the pilot says.Wow said Guy how many people

are allergic to dogs Guy thought to himself. I'm going to have to put him in a cage. Spotzer wakes up but then falls back asleep in the cage. Spotzer doesn't really care that he will be in a cage. The pilots yelling also woke up Jack. Jack and Lumber turned their heads. WHAT, GUY AND HIS FRIENDS ARE HERE!!!!!!!!!!!!!!!!!!!!!! Jack and Lumber scream at the same time. Then it was total chaos. Jack and Lumber grabbed their kidnapping bags to catch Guy and Brazil and then Spotzer woke up in his cage and started barking and they all just ran around the plane. Luckily the autopilot settled everybody down and everybody got back in there seats and Spotzer started falling asleep again. Wow, said Guy Spotzer must really be tired. Lumber said to Jack secretly that they should wait till Guy and his friends

go out of the plane and go inside Candy Land and Lumber and Jack will follow them the whole time and then get them. Just then the plane came to a big jerk. The pilot announced that we are now here and it was time to get out of the plane. Guy got so excited and Brazil was too. The big jerk from the plane woke Spotzer up and now he's really excited too. They got out of the plane and Guy , Spotzer ,Brazil , Lumber , and Jack all couldn't believe their eyes. The CandyLand place looked awesome!

CHAPTER

12

What do you think guys said Guy to all his friends it looks awesome, said Brazil. Ruff said Spotzer. This is our chance, said Lumber. They snuck up behind them and got their bags ready. But right when they were about to plop those bags right on them they all took off like they knew the kidnappers were behind them. But they just ran off to do all the fun rides and arcade games and get some food. And every single thing was made out of candy. Alright said

Lumber it's time to turn this party up a notch. They called the taxi driver. When the taxi driver was driving the kidnappers to CandyLand the kidnappers told the taxi driver about Guy and his friends so now the taxi driver is on the kidnappers side. The taxi driver came and took somebody's car and drove it around looking for Guy and his friends. While Brazil was playing all the carnival games Guy went with Spotzer to eat some food. Guy just fed Spotzer. Meanwhile the witch used her foot tracker to track Lumber's footsteps. The police bumped into the witch and the police didn't mind that the witch was ugly and the police offered the witch to help her with anything she needed help with. The Witch told the police the whole story and then the witch offered to help the

police and the police told the Witch the whole story. Then the police called the candy store owner and asked him if he wanted to join in the action and he said yes. So now there were two bad teams. Team 1 is the one with the kidnappers. Team 2 all worked together to try to find where Lumber and Jack were. Witch found the tracks that led to the airport. Then they dressed the witch up so she wouldn't look like a witch to other people at the airport. Then they got in the plane and took off. After 2 hours they got to CandyLand and walked around looking for Lumber and Jack.

CHAPTER

13

Once Guy and Spotzer were done eating Brazil came over. Brazil was out of breath from running all the way to Guy and Spotzer. Brazil said that he thought he saw the kidnappers but luckily they didn't see him. Oh yay said Guy I was having so much fun playing with Spotzer and eating that I forgot all about the kidnappers. They must be looking for us. Then when Guy said that it made him think about where his parents are. Brazil started to cry. But Guy said that we will find them as well

as hide from the kidnapers. So they did that. The witch and the team followed the tracks for a while. Then they realized there were 2 tracks and the store owner said it was probably Jack's tracks. Alright then said the witch I will follow Lumber's tracks and the police and the candy store owner. The witch followed the tracks all the way to the ferris wheel ride. The ride was supposed to take 1 hour. Up on the ferris wheel Lumber said ahhhh it's nice to take a little break from looking for Guy and his friends and plus the taxi driver and Jack are looking for Guy and his friends. The witch played a carnival game and won a bee bee gun. Then the witch aimed and shot Lumber right off the ferris wheel. Then the witch caught Lumber as he flew off the ferris wheel. Then the witch took off her mask she

used for disguise and stared deeply at Lumber. You ain't not kidnapping no more, said the witch. Then Lumber started crying and shaking around trying to get out of the witch's arms but he couldn't. Then the witch put her mask back on and started carrying him like a mother carrying her crying baby. Now that the witch was done with her job she went back to the airport and back home to her cave to turn Lumber into a witch. The candy store owner and the police were getting tired of trying to look for Jack so the candy store owner got some candy out of his pocket and started eating a bunch of candy to make them hyper. They both had 3 new jumbo lollipops called hyper lolly pops and some pixie sticks and a few fun dip packets. Then they both dashed looking for Jack. Guy saw a

contest for whoever can eat the mega oreo first and wins a big shiny trophy. And Guy did the contest. He jammed an oreo in his mouth. Guy hadn't had an oreo in the longest time and he was really happy to finally have one. He came back with the gold trophy and showed his friends. Nice said Brazil he started to stop crying. While they were talking Jack and the taxi driver slowly got out of the car. I think we found em said Jack quietly. Jack snuck up behind him and the taxi driver watched. Then Jack brang the bag over Guy and Spotzer. And the taxi driver found Lumber's old bag and got Brazil. Then they drove out of CandyLand and to the airport to go back home. The Candy store owner and the police kept looking for Jack at CandyLand. They decided to just drive all the way home instead of

go on the plane. After 8 hours they were finally home. The taxi driver was glad that Guy and his friends were getting punished for something so he went back to his work. Then Jack brought Guy and his friends to his factory where they had to work for him and make him lunch and everything. Then Jack said that on the final day they'd get thrown into the volcano. None of Guy's friends wanted to get thrown into the volcano. They'd all rather get arrested than get thrown in a volcano so they started making up plans every night but none of the plans worked. Finally the night before the final day they realized that they need to make a plan where everybody participates. So that night they made their plan. They always have to sleep in the tied up bags so in dog language Guy told Spotzer what to do

for his part. Spotzer slowly, quietly and carefully ripped a tear out of the bag he was in with his teeth. Then Spotzer got out of the bag with Guy and then Spotzer slowly, carefully and quietly did a tear in the bag Brazil was in. Then Brazil got out of that bag. Jack was sleeping upstairs in the factory. His room was closed in on the left. There's a secret door behind his room where you can get out of the factory. There is an invisible button that when you press the button it senses your skin. And if it doesn't sense Jack's skin then you won't be able to press the button because it will lock. So they all seaked upstairs really quietly. Guy stretched a long rope on the floor right in front of his bedroom door. Then Guy put his hand on the floor and quietly slid his hand across the floor to feel the

invisible button. He eventually found it on the floor right in front of the rope. Then Guy knocked on the bedroom door acting like Guy was a mailman giving a delivery. Then Jack opened the door, tripped on the rope and fell on his hands. One of his hands accidentally hit the button and the button was pressed. Jack's whole room moved to one side. And Guy and his friends dashed to the door and there were about a million locks on it. So Brazil started doing the locks. He knew how to do many different locks because he helps his dad at the lock store back at home. Thank the Lord that I knew how to do these locks. He did all the locks on the door in two minutes [which was also a new record.] Then they dashed through the open door. Jack wasn't quick enough and when the door shut all the locks

locked again. Plus Guy took the magic key that unlocks every single lock and you get it if you unlock all the locks yourself. So then once they got out of the factory they all looked at each other even Spotzer. Brazil started thinking about his mother and father. It's been so long we need to go get them. Then Brazil remembered the note he sent them. They might still be looking for me down at Candy Land. Let's go back said Brazil ok. Meanwhile at Candy Land the police and the candy store owner were still looking for Jack. Then Guy and his friends got to CandyLand. But then they saw a yellow car pass by. It was a car they recognized. Then Jack realized what he was seeing. It was the taxi driver. Guy told Brazil and Brazil was surprised. The taxi driver was going to quit looking and

go back in his car back to the airport. But before he drove off he saw Guy hiding. Then Guy realized that the taxi driver saw him and Guy didn't know what to do. The police would probably give up looking and help the taxi driver look for me. I didn't want to make a run for it because I didn't want to leave my friends behind. Then the taxi driver saw my friends and my friends realized it. Now I knew that everyone felt like running away. Then the taxi driver started coming towards us. Then I prayed to God and the taxi driver tripped over a rock. Then we ran and blew past the police and the candy store owner. The candy store owner stopped us and asked where Jack was. The taxi driver started getting up and so I told them that I'll tell them after this is all over. But then the candy store owner

said that I will get a hyper lolli pop if I tell them now. So they gave me a lollipop and I was so hyper that I was talking super duper fast. I said this : Jack is at his factory where he kidnapped us down at 97 rook s vill road. He is locked in his house and I have the magic key I will give you. Guy gave them the magic key and they went to the airport to go back home. Alright guys, like my old friend 🐼 🐼 panda used to say LET'S END THIS!!!! They ran and ran. Until they lost him. Then they started going back to the airport. Hey Brazil, aren't we going to look for my parents?! O yay Guy said let's go. They looked and looked and looked for hours and then 😞. Guy said they were probably at home so they went. But then Brazil recognized a man and a

woman who were asking random people questions. Brazil ran over and it was his MOM AND DAD!!!! Brazil ran over to them and they hugged them and they hugged back. Tears rolled down everybody's faces and they happily walked back to the airport together. Where have you been? Brazil's mother asked her a lot of questions. When they got home Brazil's mother took him home and Guy started walking back to Target. But before Brazil's family left they adopted Guy. And they bring Spotzer to keep. Brazil was really excited because it was his first time ever having a pet. Then they all walked home together. And every day they'd go together to take Dog Language class or as they always call it D.L.C. The next day was Sunday and they all went to church. Then the

preacher said let us pray. And Guy prayed. Dear Lord, thank you for an amazing day thank you that I get to live with a good family and have friends thank you that we did not get kidnaped and thank you for an amazing adventure and thank you for everything else and thank you for being with me all the way through, in Jesus name amen.
